VERSE 1

Burn in us, burn in us
Burn in us fresh fire within
Take our hate, remove our rage
Purge away all our rot, our sin
Scorch our doubts, destroy our fears
Refine our minds and our emotions
Burn in us, burn in us
Burn in us fresh fire within

CHORUS 1+2

We yield ourselves, we yield ourselves
We yield ourselves in this moment of praise
We yield ourselves, we yield ourselves
In ev'ry moment, in every way
We yield our thoughts, our very lives
Lord use us up like a sacrifice
We yield our dreams
And our pursuits
Unite us together
As we choose you, you, you
As we choose you, you, you
As we choose you

VERSE 2

Burn in us, burn in us
Burn in us like kindling
Unfurl your pow'r, refresh our souls
With single voice we stand and sing
Brand yourself upon our hearts
Ignite our spirits, Holy Spirit
Burn in us, burn in us
Burn in us like kindling

BRIDGE

When we're tired and overwhelmed
Burn in us fresh fire within
When we're weak and out of strength
Burn in us fresh fire within
When we feel like giving up
Burn in us your pow'r
Burn in us your fire, *yow!*

CHORUS 3

We yield ourselves, we yield ourselves
We yield ourselves in this moment of praise
We yield ourselves, we yield ourselves
In ev'ry moment, in every way
We yield ourselves, we yield ourselves
We yield ourselves in this moment of praise

We yield ourselves, we yield ourselves
In ev'ry moment, in every way
We yield our thoughts, our very lives
Lord use us up like a sacrifice
We yield our dreams
And our pursuits
Unite us together
As we choose you, you, you
As we choose you, you, you
As we choose you, you, you
As we choose you, you, you
As we choose you
