VERSE 1

God, I'm here
But where are you?
Affections numb
My mind is so confused
I know you're near
But you seem far
The force of hell
Too much for me to bear
As I collapse
In the dust
It feels like
I'm rejected here
I'm filled with pain
And tired of shame
I need more joy
But my heart is filled with fear

CHORUS

C'mon my soul
And feel his peace come rushing in
C'mon my soul
Return to God with everything
And praise the Lord
For all he's done and is yet to do
'Cause even now
He's working for his glory and for my good

VERSE 2

I know you're great
I know you're good
Amidst my trials
Your mercy never ends
Yet even still
I feel alone
The force of hell
Weighs down upon my head
As I lie down
Face to ground
I ask you, Spirit
Breathe afresh
The only thing
To get me through
Is less of me
And all you instead

BRIDGE

I'll keep trusting
Even when I cannot feel you
I'll still press in

Even with no sign of breakthrough
I'll keep hoping
'Cause even darkness bows before you
I'll stay waiting
Even still your word will come through
